EXPERIENCE

Special Broadcasting Service (SBS) Australia, Sydney — Quality Analyst
June 2017 - Present

- Set up and currently maintain e2e Test Automation suites for Web platform and Login web service with Cypress and Javascript from scratch, plus integrated the suites into Bitbucket Pipelines for continuous testing. This has helped the team identify critical bugs and issues during refactoring and player upgrades.
- Helped build and currently maintain an e2e API Integration Test Suite using PHPUnit which has saved hours typically taken for manual regression tests
- Coding the occasional bugfix (with tests!)

Sydney — *Freelance Web Designer & Developer*
April 2017 - December 2018

- Provided Wordpress and Mailchimp design and development consulting for a Cosmetics & Health Online Store, Retail Clothing Online Store, and an Advisory service.

Bushwalking NSW Inc., Sydney — *Webmaster (Volunteer)*
May 2017 - April 2020

Responsible for all things web administration and development. Tasks I've worked on include:

- data migration of over 600 members to Mailchimp
- designing and managing Mailchimp email marketing campaigns
- executing site upgrades

Atlassian, Sydney — *Associate QA Engineer*
May 2016 - September 2016

- Contributed to quality and testing processes within the Confluence Integration, Customer organisations, and Approvals features of JIRA Service Desk through QA Kickoffs, Demos, Blitz testing, Product Tours and manual testing
- Contributing to testing of Customer organisations to Service Desk Cloud, Atlassian's most requested feature at the time (with over 1300 watchers on JIRA ticket JSD-270).

Commonwealth Bank of Australia, Sydney — *Technical Business Analyst & Scrum Master*
February 2013 – April 2016

- Analysis, acceptance testing and agile delivery of Payments, Cards and Account Details features of the CommBank app and CommBank app for Tablet
- Delivered Pay to New BSB, Pay to Address Book, Pay to BPAY and Scheduled Payments APIs and mobile frontend in 8 months

EDUCATION & TRAINING

freeCodeCamp, Online — *Front End Web Development Certificate*
January 2016 - January 2017

Scrum Alliance (via AxisAgile), Sydney — *Certified ScrumMaster*
November 2018 - November 2020

University of Technology, Sydney — *Bachelor of Information Technology (Co-Op Scholarship)*
February 2010 - December 2012
